

**TALK
ABOUT**

TALK ABOUT is a way for Darling Downs and West Moreton PHN to ask you about your experience with healthcare in your community.

It's time to TALK ABOUT...

Death and Dying

Talking about death and dying is never easy, but it is one of the most important conversations we can have. Every person, every family, and every community deserves care at the end-of-life that is compassionate, culturally safe, and shaped by what matters most to them.

This survey invites you to share your experiences, concerns, and hopes for how the health system can better support people during the final stages of life.

Whether you are a community member, a carer, a health professional, or someone who has walked alongside a loved one, your voice will help inform our shared understanding of how we can give everyone a dignified experience at the end-of-life.

It meant a lot to me when...

What matters most to me is...

My healthcare experience made me feel...

We want to hear from you!

Visit: ddwmpnhn.com.au/talk-about to share your thoughts. It's anonymous and only takes five minutes of your time. Survey closes Monday, 4 May 2026.

Scan the QR code to access the survey.
